Under the terms of the General Licence under which this exhibition is held, the following conditions must be complied with. All birdsales/exchanges must be recorded, this must include the name, address and phone number of both buyer and seller, also any identifying features (mutation, ring numbers) of the purchased birds. Buyers must isolate the purchased birds from all other birds (except those purchased at the same event) for at least one week. Any signs of ill health observed in the purchased birds during this period must be reported to a Veterinary Surgeon, and such birds must not be mixed with any other birds until the presence of an avian notifiable disease has been ruled out.

All exhibitors/entrants must disinfect the show cages and boxes before the event, and advised that they should be cleaned and disinfected on return to the home premises before they are used to hold any other bird. All litter and manure within the cages or boxes must be contained until disposal. Any spillage outside the cages to be cleaned and disinfected immediately. All litter and manure must be disposed of in a manner which does not present a risk of the spread of disease, e.g. in sealed bags for normal refuse collection in such a manner that other birds do not have direct access to it.
